And to make a fun collage Glasswing butterfly of your own, follow these simple steps:

1. Fold a dark sheet of paper in half and draw one side of a butterfly's wings. (see picture #1)
2. From the folded center of the paper, cut out the outline of the wings (see picture #2)
3. Glue the outline against a colorful sheet of paper and have fun making a butterfly body and filling in the wings with all sorts of fun collage materials, like the young artist in the picture below:
